

CHUTZPAH!

📅 May 7th, 2011 🧑 Stephanie Kienzle

Dictionary.com defines “chutzpah” as “unmitigated effrontery and impudence; gall; audacity and nerve.”

An even better definition can be found on Wikipedia, which states, “In Hebrew, *chutzpah* is used indignantly, to describe someone who has overstepped the boundaries of accepted behavior with no shame.”

OMIGOD! Does that ever describe North Miami Beach mayor Myron Rosner to a freaking tee! In fact, I’d bet that in a few years if you look up the word “chutzpah” in any dictionary, the definition will be simply, “Myron Rosner.”

As I reported to you on April 30, 2011 in “Myron’s Blame Game” (<http://votersopinion.com/archives/2195>), I have obtained a copy of a Settlement Agreement between Myron and the Miami-Dade County Department of Health regarding his illegally installed septic tank. He must either remove his illegally installed second driveway (Option 1) that he paved over the septic tank or he must remove the septic tank altogether and replace it with a proper one (Option 2), all by June 24, 2011.

In related documents obtained by the other half of the Gruesome Twosome, Allison Robie, I’m now told that Myron has requested a ninety (90) day extension of his deadline to complete the work because, and I hope you’re sitting down, HE EXPECTS THE CITY OF NORTH MIAMI BEACH TO PAY FOR IT!!

In a memo dated March 24, 2011 from Tracy Dickerson, Senior Attorney for the Miami-Dade County Department of Health, he claims that, “Myron Rosner told Nick Heybeck [Engineer Supervisor III for the Miami-Dade County Department of Health] and I that he needed an additional 90 days in order to complete Option 2 of the Settlement Agreement **because the funding would be coming from the City of North Miami Beach**, and it would take longer because of the process that would need to be followed. I discussed with Mort Laitner [Chief Legal Counsel and Editor in Chief for the Florida Department of Health], who agreed to the additional 90 days for the completion of Option 2.”

So, let’s lay this out in plain English.

1. Myron submits plans for the “repair” of his septic tank system, which he told the Miami-Dade County Department of Health was in his front yard.
2. Myron’s septic system was in the back yard, where his swimming pool now exists.
3. Myron bullies employees in the Building Department to give him permits without variances.
4. Myron builds his brand spanking new septic system in his front yard without a city permit.
5. Myron then paves a second driveway over the septic tank, this time without bothering to even apply for a driveway permit.
6. Myron gets busted for the illegal septic tank and illegal second driveway.
7. Myron then sues the Department of Health because he got busted.
8. Myron then agrees to “settle” with the Department of Health by fixing the problem HE caused.
9. Myron then figures the hell with the Settlement Agreement that he signed under oath because he needs more time, even though he agreed to a June 24, 2011 deadline.

10. MYRON IS NOW BLAMING THE CITY FOR THE PROBLEMS HE CAUSED AND WANTS US TO PAY FOR IT!

I’d say the Wikipedia definition of chutzpah, describing “someone who has overstepped the boundaries of accepted behavior with no shame” describes Myron from his despicable head to his shameless toes.

DO YOU WANT THE CRIMINALS WHO DO THIS RUNNING NORTH MIAMI BEACH?

I certainly hope not! Please VOTE THIS CRIMINAL OUT OF OFFICE ON MAY 17TH!
