6. **PUBLIC COMMENT**

To All Citizens Appearing Under Public Comment

The Council has a rule which does not allow discussion on any matter which is brought up under Public Comment. We are, however, very happy to listen to you. The reason for this is that the Council must have Staff input and prior knowledge as to the facts and figures, so that they can intelligently discuss a matter. The Council may wish to ask questions regarding this matter, but will not be required to do so. At the next or subsequent Council meeting you may have one of the Councilpersons introduce your matter as his or her recommendation. We wish to thank you for taking the time to bring this matter to our attention. Under no circumstances will personal attacks, either from the public or from the dais, be tolerated.

Speaking Before the City Council

There is a three (3) minute time limit for each speaker during public comment and a three (3) minute time limit for each speaker during all public hearings. Your cooperation is appreciated in observing the three (3) minute time limit policy. If you have a matter you would like to discuss which requires more than three (3) minutes, please feel free to arrange a meeting with the appropriate administrative or elected official. In the Council Chambers, citizen participants are asked to come forward to the podium, give your name and address, and the name and address of the organization you are representing, if any. If you are speaking on a public hearing item, please speak only on the subject for discussion. Thank you

very much, in advance, for your cooperation.

Pledge of Civility

A resolution was adopted by the Mayor and City Council of the City of North Miami Beach recognizing the importance of civility, decency, and respectful behavior in promoting citizen participation in a democratic government. The City of North Miami Beach calls upon all residents, employees, and elected officials to exercise civility toward each other. (Resolution Nos. R2007-57, 11/06/07 and R2011-22, 4/26/11)

Regular Meeting Minutes of February 4th, 2014 (City Clerk Pamela L. Latimore)

CITY MANAGER'S REPORT

City Manager Ana Garcia informed Mayor and Council that the departmental reports are included in their agendas for review.

The City Manager reminded all that the first annual Heart Walk sponsored by the Commission on the Status of Women along with commission liaison Vice Mayor Spiegel, will be held this coming Saturday. A confirmation of 32 vendors representing various industries will participate.

City Manager Ana Garcia advised residents about the Home Improvement Program (HIP) and the Administrative Code Waivers. She also announced the roll out of the City's Newsletter and thanked all of staff for their efforts on this project. She also announced a workshop for Land Use and Zoning that will be held on March 11th at the McDonald Center open to the public.

CITY ATTORNEY'S REPORT

The City Attorney advised Council that the oral arguments for the Braha Dixie litigation that occurred went very well, and that the project is moving forward.

She advised Council that former City Manager Lyndon Bonner's pending litigation would require their involvement and that she would be discussing the matter with members of Council individually.

Mayor Vallejo queried into the resolution of the oral arguments from the Braha Dixie legislation, and the City Attorney advised him of possible timetables.

Vice Mayor Spiegel asked to be recognized, she asked that all come out to Saturday's Healthy Heart Walk. She reminded all that Heart Disease kills more women than all cancers combined. She thanked all of the staff who worked to make the event possible. Vice Mayor Spiegel announced that the walk would take place along the path of Snake Creek Canal with registration at 8 a.m., and the walk starts at 9a.m.

Why e-books –

Growing numbers and frequency of requests from our public as access to electronic, hand-held devices becomes financially feasible for the majority.

Provision of up-dated library resources and unprecedented levels of access to all citizens, but especially to the younger generations, in a format that appeals to them; that they move within as second-nature.

Keeping older readers in-tune with technology and active in cultural change.

Expanding our service level by allowing remote, 24/7 access to our collection.

Require negligible space, no re-shelving, no dusting and no re-organizing as collection grows, thus reducing labor costs over time.

Reduction of loss and damage to community resources.

Increased access to the aging and those visually and physically impaired.

Compete with area libraries, holding current customers and attracting new ones.

Costs/Access

E-books are purchased through a vendor providing access for a set period of time.

Royalties must be paid to authors, publishers and to third parties vendors.

Market is controlled by a limited group of vendors. Some books are not even available in this new format due to fearful and uncertain publishers.

Costs are similar across various platforms.

The cost of contracting on our own would average \$8,000 annually, not including the purchasing of any titles. Minimum annual purchase of titles is \$2,000. An initial \$2,000 is charged for website set-up. First year costs are \$12,000 and \$10,000 annually thereafter, with

only \$2,000 of that to acquire titles (books cost from \$4 each for classics up to \$98 for current bestsellers).

Why now? Timing!

Libraries began delivering e-book services in 1998.

As of 2010 66% of U.S. Libraries had e-book services.

The PEW Research Survey of Nov. 2012 shows that among Americans' priorities for libraries were – greater access to e-books, classes on both how to borrow e-books and how to use e-book devices.

It's time to join the digital revolution and give our community access to electronic library services. This is now financially expedient due an opportunity through a regional organization of small to medium sized libraries – The Southeast Florida Municipal Libraries Digital Consortium -- which was established in April, 2011 by 11 libraries. Their contract is expiring at the end of March 2014, providing us a singular moment in time to join them as they renew.

Why now? Great Savings!

Joining the consortium would lower our costs substantially:

Our annual contract would cost \$6,000 inclusive of \$2,000 to acquire titles.

Initial website setup would be reduced to \$1,500.

We would incur an annual \$300 consortium membership fee.

Our first year costs would be \$7,800 and \$6,300 thereafter. This provides us with 35% savings the first year and then 37% annually.

Unfortunately our budget does not have any flexibility to allow us take advantage of this opening. Is there a solution to this dilemma?

RE: Resolution No. R2014-6 (City Planner, Carlos Rivero)

**BACKGROUND
ANALYSIS:**

The Applicant, Daniel Sorogon, on behalf of the property owner of 3141 Northeast 165th Street is requesting the following:

A. Site plan review to construct a 6,255 square foot two-story single-family house on a 9,761 square foot (0.22 acres) vacant parcel of land assigned “Residential Low Density Land Use Designation” and “RS-1 Residential Single Family Zoning District;” and,

B. Variances from Chapter XXIV, Zoning and Land Development Code Sections:

I. Article 5, Zoning Use Districts, Section 24-41(D) (9)(a) titled, “Roofing,” to waive the minimum roof pitch requirement of three-and-one-half (3.5’) feet in twelve (12) feet to provide for a flat roof to be utilized as outdoor elevated open air living space; and,

II. Article 5, Zoning Use Districts, Section 24-41(D) (5) titled, “Maximum building height,” to waive the maximum building height of thirty (30’) feet to permit the installation of an elevator structure to a maximum height of thirty-six-and-one-half (36.5’) feet which represents a two (2%) percent of the outdoor elevated open air living space, whereas the remaining portions of the single residence adhere to the maximum permitted building height of thirty

(30') feet.

RECOMMENDATION: The Community Development Department recommends that the site plan and variances be approved.

FISCAL/BUDGETARY IMPACT: No costs to the City are anticipated.

City Staff Review, Comments and Findings of Facts

The City’s Technical Review of Applications for Development (TRAD), represented by Public Service, Engineering, Landscaping, Planning and Zoning reviewed the application for consistency with applicable City requirements. The Committee provided comments to the Applicant and all comments were satisfactorily addressed and include in the plans presented for consideration (See Attachment A).

Site Plan Review Request

Community Development Staff evaluation of the proposed single family residence in conformance with the “RS-1 Residential Single Family Zoning District,” is provided as follows:

Type	Required	Proposed
Minimum lot area	8,000 sq.ft.	9,761 sq.ft.
Minimum lot width	80 feet	88.7 feet
Minimum setbacks		
Front	25 feet	25 feet
Rear	25 feet	25 feet
Side	8/8 feet	8/8 feet
Maximum building height	30 feet	30 feet (top of railing) + 6.5 feet for elevator core (subject of variance request)
Number of floors	2	2
Minimum floor area	2,500 sq. ft.	6,255 sq. ft
Maximum lot coverage	40%	40% /3,904 sq.ft.
Max. pervious lot area	35%-3,416 sq.ft./25% front yard-464.2 sq.ft.	35.2%-3,438 sq.ft./39% front yard-733 sq.ft.
Parking	2 parking spaces	2 parking spaces

Community Development Staff evaluation notes the proposed single-family residence satisfies the Zoning Code requirements. Staff has discussed the proposed rooftop terrace as a part of the City’s TRAD review process. City Departments requested modifications to the lighting, landscaping, and roof structure. Staff exhibited concerns regarding the potential for increase height from both the placement of temporary structures (i.e., umbrellas) and permanent structures. Likewise the concerns were raised regarding placement of large over story vegetation and/or trees on the living roof space. To alleviate these concerns, Community Development Staff has placed limitations for allowable exterior lighting, permanent and temporary roof structures and landscaping. These limitations are included as Conditions of Approval provided in Staff Recommendation at the end of this report.

Variance Requests

The Applicant has requested two (2) variances from the Zoning Code to waive the minimum roof pitch requirement of three-and-one-half (3.5’) feet in twelve (12) feet to provide for a flat roof to be utilized as rooftop terrace; and, a variance to waive the maximum building height of thirty (30’) feet to permit the installation of an elevator structure to a maximum height of thirty-six-and-one-half (36.5’) feet. The proposed elevator structure beyond the allowable height represents two (2%) percent of the total footprint. The remaining portions of the single family residence adhere to the maximum permitted building height of thirty (30’) feet.

In the evaluation of variances, the City has the responsibility to ascertain if the application is within the spirit and purpose of the Zoning Code and the variance is not contrary to the public interest, is compatible with the surrounding land uses and would not be detrimental to the community. Community Development Staff has evaluated the two (2) variances and finds the variances, although a departure from the provisions of the Zoning Code, the variances are minimal in nature. The increase in height only represents a small portion of the roof area and/or penetration in the allowable height by six-and-one-half (6 ½') feet. This represents as noted previously, two (2%) percent of the total roof area. The variance for the flat roof is consistent with other flat roofs within the neighborhood. Staff asked the Applicant to identify existing flat roofs within the surrounding neighborhood which is provided in Attachment A, Sheet A-7, "Houses with Flat Roofs and Roof Terraces Illustrations" or as provided on page 7 of this report.

Based upon the above findings, Community Development Staff finds the Site Plan Application in conformance with the Zoning Code standards and the proposed Variance Applications are not be contrary to the public interest and are consistent with the standards established in Sec. 24-176(C) of the Zoning Code. This determination for conformance is based upon Applicant's agreement with the Conditions of Approval as provided within Community Development Staff Recommendation.

Public Notification and Comments

The Zoning Code requires a courtesy notification be provided to all property owners within 500 feet of the boundary of the property. The notice indicates the following: applications filed; public hearing dates/time/location; where the application files can be reviewed and provides for an opportunity to submit comments. Approximately 80 notices were mailed. A copy of the legal advertisement and courtesy notice are on file within the Community Development Department.

Community Development Staff did provide a copy of the proposed plans to the President of the Eastern Shores Homeowners Association during the City review process as well as courtesy notice of the upcoming hearings. The HOA indicated the following: "Based on the responses I received from our Board of Directors, we have no objection to the requests made for the 6.5 foot increased height variance nor the variance for a flat roof."

Planning and Zoning Board Action

The Planning and Zoning Board at their December 9, 2013 meeting expressed concerns with reference to the rooftop terrace and the minimal amount of outreach the Applicant had completed with reference to this living space. Please refer Attachment C, Planning and Zoning Board verbatim transcript, page 9 for the Boards and Applicants discussion.

The Board made motion to continue the Application to allow the Applicant the opportunity to complete additional outreach to the adjoining properties, the Eastern Shore Home Owners Association and other residents within the Eastern Shores neighborhood.

The Applicant has advised City Staff, he has contacted all of the above entities and they are aware of the upcoming proceedings. The Applicant shall provide an overview of the outreach efforts and applicable comments. No changes have been made to the site plan or Application, the plan remains the same as presented at the December 9, 2013 meeting. A copy of all public correspondence and comments received by Community Development Department Staff is provided as Attachment D.

Although not required per the Zoning Code, City Staff did send out a new courtesy mail notice, readvertise the Application in the newspaper, and repost the property with a new "Public Hearing" sign advising of the Planning and Zoning Board and City Council dates. Copies of the notice provided for both Board hearings (December 9, 2013 and January 13, 2014) are on file and available for review.

City Council Action

During the Council Meeting of Tuesday February 18, the Council voted to table this item until the meeting of Tuesday March 4th in order for the applicant to be able to reduce the rooftop deck size and explore options for its design. No new advertisement requirements were placed on this item, other than the on-site notice.

Good Morning Chuck:

Thank you for the prompt reply, I will pass your comments on to the architect. I would expect the site plan application will be presented to the Planning and Zoning Board on December 9th and then proceed forward to the City Council thereafter.

Eric:

Based on the responses I received from our Board of Directors, we have no objection to the requests made for the 6.5 foot increased height variance nor the variance for a flat roof. Thank you for your courtesy in giving an opportunity to comment on the plans. I think the house will be a plus for Eastern Shores.

Subject: 3141 NE 165th Street - Eastern Shores - new single family residence

Good Afternoon Mr. Asarnow:

As a courtesy, I wanted to advise you that the City has received a site plan review request for a new single family residence (3141 NE 165th Street) within Eastern Shores. The request includes a variance for a 6.5 feet increase height for a proposed elevator core and a variance for permission to construct a flat roof. At this time it is not scheduled for public hearing consideration, however, in the coming months will be scheduled. I have attached copies of the application and plans, however, the file size may be too large to print or view. If you would like, you are welcome to come in and view the plans.

Thank you.

Have a great day!
