Dear Neighbor,

I am writing to you because I feel there is an attack on the institution of Democracy in the City of North Miami Beach. The team and I created a blog called "Save Our Streets NMB" #SOSNMB with the purpose of revealing the behind the scenes truth of how money is being spent in the May 5th North Miami Beach election.

We are publishing our blog reports at <http://saveourstreetsnmb.weebly.com/>

This attack on Democracy started months ago at the 2015 budget talks but it became a done deal with the unopposed election of our Mayor George Vallejo.

Since he doesn't face an election, Mayor Vallejo might not feel free to do whatever he thinks is best. He has at his disposal hundreds of thousands of dollars collected in a political committee which he may use to replace incumbents on the NMB City Council that are up for election with the ultimate goal of "pre-determining" who becomes the next mayor to replace him.

In this case, it seems that Mayor Vallejo has selected Bruce Lamberto to become the next mayor. Mayor Vallejo has openly endorsed Lamberto and walked with him throughout Eastern Shores. But Lamberto has a bad reputation for having a short temper and a legal record even demonstrating a history of violence (particularly against women). Since Mayor Vallejo has decided to run and fully back his friend against our Councilwoman Phyllis Smith (no relation), we think it is important that we talk about Bruce Lamberto first!

But there are other stories to discuss which we will be publishing later today (G-d willing): 1) Frantz Pierre and Paule Villard with the approval of Mayor Vallejo of going after Councilwoman Marlen Martell. 2) No incumbent is safe save Frantz Pierre. 3) The Political Consultants Playing Kingmaker. 4) Frantz Pierre and the AB Ballot Game (For Hire). 5) The Fake Haitian Takeover. 6) The Upcoming Budget Disaster. And more...

We'll try and leave no rock unturned until we have all the answers for you when voting comes.

While we wait to publish this information please read our blog and stay tuned as we get the truth out to voters.
