Dear Mr. Templer:

The Florida Attorney General's Office received a copy of your correspondence to the Federal Bureau of Investigation (FBI), the Florida Department of Law Enforcement (FDLE), and the media, regarding your concerns with the prosecution of former North Miami Beach mayor Myron Rosner. Attorney General Pam Bondi asked that I respond.

We appreciate hearing from you. By contacting the FBI and the FDLE you contacted the appropriate authorities. As you know, in Florida, the local police or sheriff's office and elected state attorney investigate and prosecute alleged criminal violations. The investigative and prosecuting decisions of those agencies are not subject to the Attorney General's authority.

If you wish to seek consideration of an outside investigation, you may also wish to contact the Governor's Office. Florida law gives the Governor the authority to assign state attorneys from one jurisdiction to prosecute crimes in another jurisdiction. This authority is appropriate in unusual situations, typically when the state attorney informs the Governor there is a conflict of interest within the office, and he or she cannot be impartial. The contact information for the Governor's Office is:
