## PUBLIC RECORDS REQUEST

**December 1, 2015**

**Requestor:** Stephanie Kienzle

**Request:** Further to my Public Records Request #466 (copies of which are attached), please advise me if Police Vehicle/Asset ID #8351 bearing VIN 1FM5K7882EGA18392 is still equipped with police emergency equipment per attached Invoice #2013048 from Signal Technology Enterprises, Inc. If said police emergency equipment has been removed, please provide all documentation, including invoices, notes, memos, emails, etc., which specifically indicate that said emergency equipment has been removed, as well as the date of removal.

**PRR# 492**

---

**Response:** The attached email will confirm that emergency equipment has not been removed from Vehicle #831, bearing VIN 1FM5K7882EGA18392.

Sincerely,

Major Franzia Brea  
700 NE 124th Street  
North Miami, FL 33161  
(305) 899-2416

**Subject:** RE: 8351 - Emergency Equipment

Jeff: You are 100% correct my friend. You cannot possibly have any record of any emergency equipment being removed from 8351 because nothing has ever been removed by the Motor Pool (or anyone else for that matter).

**From:** Geimer, Jeff

**Subject:** 8351 - Emergency Equipment

I do not have any record of equipment being removed. Jorge, please verify before a response is sent.

Good morning Jeff.

I received a public records request for information pertaining to vehicle 8351 – 2013 Ford Explorer. Please advise if the emergency equipment (lights and siren) installed by Signal Tech. was removed from vehicle 8351. If the equipment was removed by the Motor Pool please provide the date of removal. Please also forward a copy of the work order if there is one.
