**\* Recommended Firms**

As residential rehabilitation projects are identified, the pre-qualified general contractors will be invited to submit a price proposal to perform the required work. The maximum single dollar amount to be issued to the contractors approved under this program is a not-to-exceed amount of \$60,000 per contract.

The City reserves the right to renew this list of pre-qualified pool of contractors for two (2) additional one-year periods, contingent upon approval by the City Manager or his authorized designee and based on the satisfactory performance of each contractor on the list.

Given the above, staff is requesting the Mayor and City Council's approval of the Evaluation Committee's recommended list of pre-qualified pool of contractors for the City's residential rehabilitation program and to authorize City Manager and City Attorney to negotiate and execute agreements for the provision of services with the selected firms.

**FUNDING SOURCE**

Funding for this purchase is allocated from the City's General Fund.
