Greetings, Vanessa!

I am writing to request any disclosure documents given to the City from Parks and Recreation Director Derrick Corker which would be compulsory according to our Code of Ordinances which states:

"Should any person included in the terms defined in subsections 2-316(b)(1)-(6) be employed by a corporation, firm, partnership or business entity in which that person or the immediate family does not have a controlling financial interest and should the corporation, partnership or business entity have substantial business commitments to or from the city or any city agency, or be subject to direct regulation by the city or a city agency, then the person shall file a sworn statement disclosing such employment and interest with the city clerk of the city."

With this in mind, I am requesting the sworn statement of Derrick Corker's LLC, ELJEFE7NINE, LLC.

Should this sworn statement not exist, please let me know as well.

Sincerely,

Laura Hill
