Lesley Smiler Kaplan and it's not up to me to assist with your issue about an employee and a decade old matter. As I've said before, I have no say and cannot be involved with employees. Please discuss this with our amazing city manager and fabulous city attorney. I'm sure once they see my comment here, they will assist you. I'm not sure why, with all your issues, your matter hasn't been resolved. I'm so sorry Lesley. Hopefully you'll soon be taken care of.

As I commented before.....You are allowing on your media page demeaning depictions of commissioners. This is reminiscent of Pre Nazi Germany depiction of our people. This is racism and should not be promoted on your site in any manner.

Lesley Smiler Kaplan I'm not sure what pictures you're talking about, but as I said here, I don't condone all that is in the blog, however I know the truth, I know who I am, I see these politicians for who they are and I will not stand up to their bullshit anymore. It's all yours, and if you're happy, that's all that matters. Happy residents, happy city...have at it!

Barbara, I will send you pictures that appear on your page to your e-mail address tomorrow. I would not even feel comfortable posting them here. Like I said reminiscent of the way the Nazi's depicted our people. Shameful!

Barbara Monuse Kramer have you figured out yet that this woman is insane? You really need to do something about it. Just saying.

I have known **Barbara Monuse Kramer** for over 10 years. Not only is she one of the hardest working elected officials in the county but she is a genuinely good person and doesn't have a racist bone in her body. She does not deserve these accusations against her and everyone knows it. It's sad to see the NMB city manager and city attorney allowing this to become part of the city agenda when there are so many more real problems to address. I could understand if those accusations were part of a nasty campaign but certainly this should not be part of city business. Recently, the Sunny Isles Beach mayor accused a city commission candidate she opposed of being anti-Semitic with absolutely no evidence. Egregious accusations like that along with racism are serious. I do hope that the NMB commission does some soul searching and comes to the realization that they are harming the reputation of someone who has dedicated years of service to the community, much longer than they have, which includes all ethnic groups. In doing so, hopefully they will realize how badly this reflects on them. Neighboring communities have been watching and from the outside looking in, none of it looks good and hasn't for quite some time.

Jeanette...Do you think these posts featured on this FB page should be reviewed by the ADL, a civil rights group for their input about racism?

Lesley Smiler Kaplan Paule Villard is the racist. I'm not a racist for pointing it out. You obviously have a severe mental defect if you can't figure that out.

However, if you continue to harass me and tell lies about me, I promise you that you will regret it. I strongly suggest you stop now. This is the only warning you will get. The next defamatory comment will be your last.

Lesley Smiler Kaplan No. These posts are defending a person we all know and love for years who is unfairly being characterized in a heinous, negative manner. You know that and I know that. Maybe you should go back and read the posts because you are massively missing the point. ...

Jeanette Gatto you can't reason with this lunatic. She harasses everyone, especially city employees who tried to help her. She sued the city over something that was her own problem and lost, so now she's lashing out at everyone connected to NMB. That woman is deranged and needs professional help. ...

Jeanette Gatto she's missing the point because (a) she's ignorant, and (b) she fell prey to Paule, who seeks out mentally vulnerable residents to use for to her own advantage. Paule is trying to build an army of "supporters" who already have issues, real or imaginary, with the city, and she latched on to them and exploits their already fragile and tenuous grip on reality. It's really sad.

Jeanette Gatto this is HILARIOUS! These are the screenshots that Lesley emailed to Barbara and saying they're "Depracting," "Nazi-like" and "racist." I told you she was bat shit crazy. I hope she reports this to the ADL so they can laugh in her face.

Barbara Monuse Kramer this Lesley person is out of control now. Now she's defaming me to anyone who posts a comment here. She needs psychiatric help, but more importantly, you don't need lunatics hijacking your Facebook posts for attention. When she goes on one of her crazed rants, it takes the focus off the point you had for posting it in the first place. Please shut her down before she continues to harass all your friends.

Lesley Smiler Kaplan you are a fucking moron. Those pictures of Paule are undoctored and taken directly from her public Facebook page. If you think they're racist take it up with her. As for the clown picture of Michael, that's a public app which I have used in other public figures including Sally Heyman. She never had an issue with it because ITS NOT RACIST. You are obviously listening to Criminal Commissioner Paule Villard, who is feeding you racist bullshit and you are too stupid to see that you're being used. Get off Barbara's ass and mind your own fucking business. Your dirty laundry is going to be exposed soon. You pissed off the wrong bitch.
