

6-2-22	FDLE	MI-14-0299	Sp. Agent Jose Perez	<p>Stephanie Kinzle alleged that the subject committed voter fraud in the 11/3/2020 election.</p> <p>██████████ told a friend about a permit problem she had, and the friend took her to meet the subject. (No prior contact.) That meeting took place in a voting location in NMB. When ██████████ arrived, the subject greeted her and asked her if she was ready to vote. As she did this, the subject escorted ██████████ into a voting booth.</p> <p>██████████ said the subject took her ballot, filled in two or three bubbles then handed the ballot back to her. As ██████████ completed voting, the subject stood by. When she was finished voting the subject took the ballot, escorted her to the exit, and handed the ballot to the man at the final/scanning station. The subject then escorted her out of the voting area.</p> <p>██████████ could not say how many bubbles were filled in by the subject or which ones they were. There is no way to trace ██████████'s ballot and no way to know which votes were cast.</p> <p>There is no video. No independent witness. The subject was NOT a candidate on the ballot at that time.</p>	Paule Villard	Handle Administratively
